## **PROGRAM DESCRIPTION**

The MA in Family and Human Services/Addictions Counseling is approved by NAADAC and the Kansas Behavioral Sciences Regulatory Board. We prepare students to become Licensed Master's Addiction Counselors (LMAC) and Licensed Clinical Addiction Counselors (LCAC) with a holistic, integrative approach to their work. Course work emphasizes the application of theory and research to the delivery of family and human services with an emphasis in addiction counseling. The Master's degree coursework is offered entirely online, with fieldwork in the student's own community.

## **ADMISSION REQUIREMENTS AND PROCESSES**

### **Admission Levels:**

There are four levels of admission to the program, as described below. Please note that applications and acceptance into any of the following student standings will be automatically revoked after one year if a student does not enroll in at least one course after they are admitted. After one year, students may be required to reapply for admission into the program.

### Fast-Track Student Standing

New undergraduate family and human services students have the option of earning their BAS-FHS/AC and MA-HS/AC in 5 years (138 hours total). The process for this path is as follows: First, in Year 1 of their undergraduate degree, students should alert the department of their interest in the fast-track program so that they may receive appropriate advising. Second, in the final semester of Year 3 of study, students must apply to the MA-HS program, using the same application procedures detailed throughout this manual. Minimum requirements for Fast-Track Standing include the following:

- Brief letter of interest to the Program Coordinator
- Anticipated completion\* of all requirements for university-wide, general education, FHS core, and addiction counseling track coursework prior to commencing graduate coursework in Year 4.
- Overall GPA of 3.0 (on a 4.0 scale) over the last two years (60 credits) of university coursework.
- Demonstration of personal and intellectual qualities necessary to successfully pursue course and fieldwork, and potential for professional development in family and human services.

\*Students who are accepted as Fast-Track Standing students will automatically have their admissions status revoked if they fail to complete these requirements.

### Regular Student Standing

Applicants seeking Regular Standing as degree-seeking students in the program should use the application procedures detailed throughout this manual. Minimum requirements for Regular Standing status include the following:

- Earned\* Bachelor's degree from an accredited institution of higher education.
- Overall GPA of 3.0 (on a 4.0 scale) over the last two years (60 credits) of university coursework. If a student fails to meet this requirement, we encourage you to apply for provisional standing (see below).
- Demonstration of personal and intellectual qualities necessary to successfully pursue course and fieldwork, and potential for professional development in family and human services.

\*Students who are accepted as Regular Standing students while finishing the final stages of a Bachelor's degree will automatically have their admissions status revoked if they fail to earn the expected degree by the time MA courses begin. They may then be eligible for Provisional Standing, at the discretion of the Family and Human Services Department.

### Non-Degree Seeking Student Standing

Students who are not formally admitted to the MA in Family and Human Services program may be allowed to enroll in specific courses as a non-degree seeking student under the following conditions:

- A person with a master's degree in a helping profession who wants to take specific coursework for purposes of professional development or to satisfy license requirements.
- Other conditions as approved by the Family and Human Services Department.

### Early Entry Student Standing

Washburn University students who are or will be in their senior year (at least 88 credit hours complete) of a Baccalaureate degree in a Helping Profession (e.g. Family and Human Services, Psychology, Social Work, Nursing, etc.) can apply for early-entry into MA program coursework and take up to 6 credit hours of graduate coursework *in addition* to the courses required for completing the undergraduate degree. This is not the same as being admitted to the MA program. Minimum requirements for Early Entry Standing include the following:

- Brief letter of interest to the Program Coordinator
- Overall GPA of 3.0 (on a 4.0 scale) over the last two years (60 credits) of university coursework.
- Demonstration of personal and intellectual qualities necessary to successfully pursue course and fieldwork, and potential for professional development in family and human services.

Early Entry Standing will require approval of the Family and Human Services department.

### Provisional Student Standing

Applicants may be granted provisional status by the Family and Human Services Admissions Committee for the following reasons:

- An applicant may be denied admission as a regular-standing student, but invited by the Admissions Committee to take specific courses in order to demonstrate their capacity for success in graduate work.

*In order to be promoted to Regular Standing, a Provisional Standing student must complete their first semester with a minimum requirement of a 3.0 GPA, no grades below a C, and the recommendation of instructors who are familiar with the student's performance in the program. Promotion to Regular Standing will require approval of the Family and Human Services department.*

## **Application Process**

Specific application instructions are included in the last pages of this manual.

## **Transfer of Academic Credits**

It may be possible for transfer students to substitute a portion of coursework (up to 9 credit hours) from other accredited graduate programs, but all requests for substitutions are reviewed on a case-by case basis and must be approved by the MA Coordinator. The applicant must have received a grade of “B” or better in the course(s) under consideration for transfer credit. Applicants seeking to obtain credit for previous coursework must submit a syllabus for the course and solicit at least one of their three required letters of reference from a faculty member or department chairperson of the accredited program from which the applicant is transferring. If the applicant seeks to obtain transfer credit for a practicum, he/she must obtain a second letter of reference from his/her field practicum supervisor. Washburn University is not able to guarantee that the transfer credits it accepts for its MA in Family and Human Services program will be accepted by a state licensing board, as they are independent entities. Students who have questions about whether transfer courses will count for licensure purposes should contact the state licensing board directly.

Applicants should be aware that the transfer of credit could impact their eligibility for financial aid if they drop below full-time status in a given semester. Please contact the financial aid office directly for more information.

## **Life/Work Experience**

The Washburn University Master of Arts in Family and Human Services Program does not award college credit for life/work experiences.

### **Advising and Registration**

Upon admission to the Master of Arts in Family and Human Services program, students will be advised by department faculty, who will assist students with selecting courses.

Graduate students in the Family and Human Services Department are not permitted to enroll in any undergraduate course work without written permission from their department faculty advisor. Students who violate this rule may be administratively withdrawn.

### **Degree Requirements**

- Complete 36 credit hours of required coursework (described below)
- Successfully complete fieldwork requirements (described below)
- At least 75% of academic credits must be taken at Washburn University
- Must meet grade requirements (described below)
- Must meet continuous enrollment requirements (described below)

There are several deadlines that must be met in regards to graduation. It is the student's responsibility to see that all forms are filed and all deadlines are met. Students may obtain a copy of graduation deadlines for the semester in which they will graduate from the University Registrar's Office. Students must regularly check their Washburn email for important announcements from the university.

After students have completed the required graduation forms, recommendation that a Master of Arts in Family and Human Services be granted must be submitted by the faculty of the department to the Dean of the School of Applied Studies, the University

Administration, and the Washburn University Board of Regents.

### **Grade Requirements**

- A student earning a D or F in a course may be allowed to retake the course for a higher grade in order to earn the degree.
- A student may have no more than two Cs on their transcript for a degree to be awarded. Students may be allowed to re-take courses to meet this requirement.
- It is University policy that students must earn a minimum GPA of 3.0 to earn a graduate degree.

### **Continuous Enrollment**

Continuous enrollment in the MA program is expected. If the student discontinues enrollment for two semesters or more, readmission may be required. Contact the program coordinator for instructions. Should readmission be granted, it will be based on the requirements and regulations effective at the time of readmission. If a student drops out of sequence from his/her cohort due to discontinuing enrollment for a semester or two, the program may take longer to complete due to the sequential nature of course offerings. Students who fail to complete their practicum requirements within the allotted time may be granted an extension. If so, they will be required to enroll in HS 777 to receive the required university supervision.

### **Time to Complete Program**

Students have six years from the semester they start the program to finish all program requirements. If a student exceeds this time limit, they may petition the department to continue in the program. The department will review their transcript and may require the student to re-take courses that are deemed out-of-date.

### **Coursework**

The MA in Family and Human Services degree program is a two (2) year program (for full-time students) requiring a minimum of 36 credit hours of coursework. ## Practicum Placement Requirements

Students must complete the required practicum courses through placement at an approved practicum site in order to earn the Master's Degree. Many students from widely varying backgrounds, including students with criminal records or a history of personal mental health or addictions treatment, will be able to successfully complete approved field placements. However, the Family and Human Services Department reserves the right to not place a student at an agency in which the student has an existing or potential conflict of interest, including, but not limited to, dual relationships with an agency supervisor. The Family and Human Services Department may also share information about a student with a potential practicum agency if we have reason to believe this information is directly relevant to the safety and quality of services the individual can provide in that particular setting. Finally, most practicum sites conduct criminal background checks, and have full and independent discretion regarding whether or not to accept a student. Occasionally, students with particular types of criminal records (e.g. crimes against persons, fraudulent service-provision) may find it difficult, or even impossible, to secure placement at an approved site. We cannot force agencies to accept students, and we cannot grant a degree to a student who has not completed the approved practicum experiences.

## **KANSAS ADDICTION COUNSELOR LICENSURE INFORMATION**

*BSRB regulations are subject to change at the state level. Students should contact the BSRB for the most up-to-date information on licensing requirements.*

Our Master of Arts in Family and Human Services is approved by the Kansas BSRB to provide the education requirements for the Licensed Master's Addiction Counselor (LMAC) and Licensed Clinical Addiction Counselor (LCAC). The state has additional licensing requirements, including (but not limited to) a professional examination, background check, references, and application fee for the LMAC and LCAC, as well as a clinical supervision training plan (LCAC only). The BSRB application requirements are detailed on their website.

A professional in Kansas who works as a Licensed Master's Addiction Counselor (LMAC) will have a scope of practice limited to diagnosing and treating substance use disorders and recognizing the impact of co-occurring disorders under supervision of a qualified, licensed professional. A professional in Kansas who works as a Licensed Clinical Addiction Counselor (LCAC) will be licensed to practice independently with this same scope of practice. A person with their LCAC is eligible to provide supervision to other addiction counselors in the state.

If you have questions about whether your criminal background check will impact your ability to get licensed by the Kansas Behavioral Sciences Regulatory Board, please contact them at 785-296-3240.

Students who have been issued another Master's level professional license by the BSRB (e.g. LMSW, LMFT, LPC, LMP) have other options available for becoming an LMAC/LCAC and should contact the Kansas BSRB directly.

### **LICENSURE/CERTIFICATION IN OTHER STATES**

Students who wish to pursue a license in another state are responsible for learning that state's requirements. Students attempting to meet educational regulations of other states should check with their state to ensure that Washburn University offers the courses they need to be eligible for licensure in their home states.
