## **Welcome to the Washburn University Department of Music**

Your selection of Washburn University will prove to be one of the most important and pivotal decisions of your life. The education that you receive here will become the foundation upon which you will build the framework of your future. The friends and professors that you will meet will become lifetime associates, mentors, and friends. We are confident that we will provide you with a rich learning environment in a safe and caring atmosphere. Together, we aspire to build upon our tradition of excellence. We are pleased that you have selected Washburn University, and we welcome you to the Department of Music.

## **Department of Music**

The Department of Music is a unit of the College of Arts and Sciences in the Division of Creative and Performing Arts. The department is dedicated to community outreach and presenting its accomplishments to the public by performing a unique role in promoting and enhancing the image and prestige of the University.

The Music Department prepares individuals for careers in the field of music while promoting a lifetime of continuous learning and appreciation for music. Music courses in the Fine Arts are a vital part of the General Education program, which is the foundation for all undergraduate degrees. In addition, non-majors have the opportunity to continue their musical experience by participating in performance ensembles and/or applied instruction. Students and members of the community may enrich their appreciation and enjoyment of music by attending live performances sponsored by the department.

The Music Department is fully accredited by the National Association of Schools of Music (NASM), The Kansas Department of Education (KSDE), and the Council for the Accreditation of Educator Preparation (CAEP). The Department of Music utilizes the review and self-assessment required by these accrediting associations to achieve continuous improvement and accountability for its various programs.

## **Mission Statement**

Our mission statement is the window through which we view all of our efforts in teaching, scholarship, research, and service:

*Consistent with the mission of the University and the College of Arts and Sciences, the Department of Music is dedicated to sharing a personal commitment to musical excellence as exemplified in creative activities, research, teaching, and public performances contributing to the expansion of knowledge in the field of music. This personal commitment to our students encourages them to think creatively, speak effectively, and write critically. Through musical performances and sponsorship of musical activities, the Department of Music strives to enrich the cultural, aesthetic, and creative life of the university, the community, the region, and the nation.*

## **Music Student Learning Outcomes**

Music students at Washburn University, upon graduation, are expected to have:

- Demonstrated music performance skills (think creatively; present effectively);
- Demonstrated the ability to read and write music;
- Demonstrated the ability to analyze and describe music;
- Demonstrated listening skills in music (write critically; research skills) and, in addition to the above, Music Education students are expected to have:
- Demonstrated skills in teaching music.

## **About this Handbook**

This handbook is published to provide a quick and easy reference to departmental policies, enrollment, assessment, degree requirements, use of department facilities, and opportunities for scholarships and awards. Although every effort is made to make this handbook correct in form and content, it should be considered as a “guide” and is not “contractual.” Additional information can be found by consulting the University Catalog, Music Department website [www.washburn.edu/music](http://www.washburn.edu/music), faculty advisors, and each semester’s class schedule. Any updated changes to the handbook can be found on the Music Department website. If you find errors or the omission of any topic that is critical to all Music Majors, please inform the Music Department Secretary.

## **A final note (before the details)**

All official university communication is conducted via MyWashburn email accounts. You must check your Washburn University email on a daily basis. Personal email accounts, texting, Facebook, Twitter, or any other online forums are not used for departmental or academic communication.

# **Enrolling**

## Enrolling Checklist

### Check these items for enrolling:

**1. You must enroll in 2 large ensembles each semester.** The first ensemble must be as listed below. Ensemble placement will be based on audition, discretion of the director(s) and/or degree and/or scholarship requirements. The following are considered “large” ensembles: Washburn Choir; Washburn Singers; WU Orchestra; WU String Orchestra; Accompanying; Wind Ensemble; University Band; Marching Band (please see pg. 61 for Marching Band enrollment requirements); Jazz Band I and Jazz Band II (Note: students can only receive large ensemble credit for 1 jazz ensemble in one semester). Credit in ensembles must be earned according to degree requirements. Students may elect to enroll for “participation” (0 credit) *after* they have completed their degree requirements in ensemble credits. Failure to enroll in or stay enrolled (for credit or “participation”) in 2 large ensembles will result in forfeiture of music major status and all music scholarships.

- a. Brass, Woodwind, Percussion majors must enroll in Wind Ensemble, University Band, Jazz Ensemble and/or Marching Band.
- b. Vocal majors must enroll in Washburn Choir.
- c. String majors must enroll in Orchestra.
- d. Keyboard majors must enroll in Accompanying.

### 2. Applied Lessons and Performance Class

- a. Students are responsible for contacting their applied professor to schedule lesson days and times.
- b. One week from the first day of class will be the cut-off date for accepting students into any adjunct studio for applied lessons.
- c. Non-majors must have consent of instructor to enroll in applied lessons.
- d. Applied lessons begin the second week of classes.
- e. Each teacher must present you with a course syllabus outlining expectations and requirements.
- f. Only Bachelor of Music in Performance & double majors may enroll for 3 credit hours of applied lessons. The maximum for all other music majors and non-majors is 2 credit hours.
- g. Enrollment in MU 070 “Performance Class” (0 credit) is required of all Music Majors every semester they are enrolled in Applied Lessons.
- h. ***Students majoring in curricula that require applied lessons in music pay no additional fee for their lessons if they enroll and remain enrolled in 12 credit hours for a full semester.*** All other students are charged for applied lessons, in addition to the credit hour charge, according to the categories listed below:
  - i. Full-time declared Music Majors are charged an additional fee for applied lessons, but are provided a waiver for that expense from the Music Department;
  - j. All other students must pay an extra fee at the current resident undergraduate hour tuition rate for each hour they enroll.
  - k. All applied music lesson charges are rounded to the nearest dollar.
  - l. Applied music lessons falling on legal and all-school holidays will not be made up. Lessons missed by the student will be made up only if satisfactory arrangements can be made with the instructor. Lessons missed by the instructor will be made up by the end of the semester.
  - m. If a student withdraws from applied lessons after the last day to enroll without a late fee, there will be no reimbursement of fees. The only exceptions will be prolonged illness, administrative error, or death.

2 hours	50 minutes/week	50 minutes/week	90 minutes/day
3 hours	50 minutes/week	50 minutes/week	120 minutes/day

For every credit hour awarded for a course, the student is typically expected to complete approximately one hour of classroom instruction, online interaction with course material, or direct faculty instruction, and a minimum of two additional hours of student work each week for approximately 15 weeks each semester, or the equivalent amount of work over a different amount of time.

Each semester, you will meet with your advisor to discuss your academic progress and plan your course schedule for the following semester. In many cases, your advisor will be your primary applied teacher, or may be a faculty member familiar with your degree area (BM, BME, BA, music minors). Your advisor is also the only one who can provide your personal identification number (PIN) to you for enrollment. The PIN changes every semester.

# General Information

## Attendance

Requirements for attendance are determined by each individual professor. If you are ill and cannot attend classes please contact the music office (670-1511) to post a note regarding your absence. Class syllabi may spell out specific notification requirements.

## Policy for Student, Staff, and all other Accompanists

Although some student and staff accompanists are available, the Music Department cannot guarantee the availability of accompanists for all students enrolled in applied lessons. Staff accompanists have their own policy that they will share with each student. If a departmental accompanist is not available, it is the student's responsibility to pay for an accompanist. Studio teachers must approve any accompanist and reserve the right to make any changes. In addition, students may be asked to sign a release form in order to allow studio teachers to speak of pertinent student matters in the presence of the accompanist. *(Please see Music Department Staff Accompanist Policies for more information, pg. 69 handbook)*

## Assessments in the Department of Music

*Educational Testing Service Music Exam (ETS): Major Field Test (MFT)*

The goal of the MFT, a national-normed exam, is to measure the learning and retention of senior Music Majors, just prior to graduation. The exam will cover the areas of music theory, music listening, and music history. The test scores are used by the Music Department to identify program weaknesses and strengths, and to modify our curricula, as needed. Scores are not used for grades or to determine any individual student potential-

**Seniors:** All seniors are required to take the ETS Music exam at the conclusion of their degree program. This exam should not be scheduled until a student has completed all of the Music Theory and Music History course sequences. This test is required for graduation.

**Transfer:** *(Licensure only)*

Transfer and "Licensure only" students who need less than one complete year of Music Theory or Music History from Washburn University are exempt from taking the ETS Major Field test before graduation.

### Music Major Status – Admittance Policy

In addition to admission to the university, all students wishing to major in music must audition to be accepted into Music Major status in the Department of Music. The same policy applies for students seeking "Licensure only" status in the Department of Music, regardless of previous Music Major status. Failure to audition in the first seven days of regularly scheduled classes will result in automatic "Non-Major" status. Students accepted for "Licensure only" will be required to complete all requirements for the Bachelor of Music in Music Education degree, including the Senior Recital, the RPE, the Piano Proficiency exam, and 48 recital credits, as per the results of a transcript analysis. In addition, all "Licensure" students must perform a conducting audition prior to being admitted to the program. Once a student has been accepted into Music Major status, the Department Chair will process an on-line Declaration of Major.

Students who have been out of Music Major status for more than one semester must re-audition for acceptance into the department. Students who wish to pursue a music degree

other than the original degree they were admitted to may be required to present an audition for acceptance into the new degree program. The Change of Degree form must be submitted to the Department Chair.

**Any incoming student accepted on probation by the Department of Music will be reassessed at the end of one probationary semester.** Students will be notified by their applied instructors of any specific requirement(s) that must be addressed during that semester. Students on probation are expected to attend all scheduled performance classes in their performance medium. The decision to be accepted/not accepted into Music Major status will be based upon an end of the semester hearing, separate from the required semester jury.

### **Rhythmic Perception Exam (RPE)**

The goal of the RPE is to establish a minimum competency in rhythmic proficiency for all Music Majors. Students will demonstrate understanding of rhythms by passing both written and performance exams in simple and compound meters.

### **Policies and Procedures**

- Students aspiring to the Bachelor of Arts degree in Music, the Bachelor of Music in Music Education, the Bachelor of Music in Performance, Licensure only, transfer students, or students seeking second degrees, must pass the RPE in order to graduate. The RPE will be offered at least twice during the fall and spring semesters and will also be administered to all incoming Music Majors.
- Students passing the exam on their first attempt will pass the Rhythmic Perception class and will receive a grade of “A” after they enroll in MU 122: Rhythmic Perception. Students who do not pass the exam on their first attempt must attend and complete MU 122. The final exam for MU 122 will be the RPE. Students who pass the final exam in MU 122 with a grade of 90% or higher will not take a separate RPE: they have passed the RPE.
- If the student does not pass the RPE after one more attempt, it is advised that the student enroll in applied percussion lessons, studying related rhythmic materials until the RPE is passed. If a student fails MU 122 or MU 123, he/she must successfully complete the course the next time it is offered, whether or not the RPE exam has been passed. In addition, students must pass all RPE requirements before they will be allowed to present the Performance Proficiency exam or a Double Jury.

### **Exam Structure**

- Written Component:* There will be approximately 185 points possible. Students must score 90% or higher in order to pass this component of the RPE. Students will be given 20 minutes to complete the written component.
- Performance Component:* Students will be given four short (3-5 measures) rhythmic exercises: (A) two exercises in simple meter, (B) two exercises in compound meter
- Students must select one exercise in each category and clap, speak, or sing the rhythms. A metronome will provide the pulse. Each exercise will have approximately 25-30 notes/rests. Students must make no more than three mistakes per exercise to pass this component.
- Two faculty members will form a committee to administer and evaluate the RPE.
- If a student passes one component of the exam (written or performance), they will not be required to re-take that section the next time the exam is offered.

- f. Students who have not passed the RPE by the end of their 4<sup>th</sup> semester of study will be placed on probation for one semester. If the student does not pass the RPE during this probationary semester, he or she will no longer have music major status. The student may apply to be considered for reinstatement.

### **Applied Lesson Juries**

All students enrolled in music lessons are required to perform a proficiency exam before a faculty jury at the end of each semester of study. Accompanists are required for each semester jury (with the exception of keyboard and percussion). Sign-up is on the music office door one week prior to exams. Music Majors and non-Majors may receive no semester grade higher than one letter grade above the average jury grade.

### **Recital/Concert Attendance**

Students will learn musical literature, concepts of musical styles, performance standards, concert procedure and etiquette by attending live musical performances.

### **Recital Attendance Policies and Procedures**

A minimum of twelve (12) recitals per semester for the first four (4) semesters of enrollment (or equivalence in credit hours), for a total of 48 recital credits, are required of all Music Majors (Bachelor of Music in Music Education, Bachelor of Music in Performance, and the Bachelor of Arts in Music degrees). At the conclusion of a student's fourth semester of study (or equivalence in hours), recital attendance will be evaluated. Students not achieving attendance at 48 recitals will be placed on probation.

- *(New Policy, updated 2019) All Music Majors are required to attend student recitals during performance class time. Requirements for attendance is provided by applied studio professors.*

### **To obtain credit for WU Music Department Recital Attendance**

1. Recital attendance will be taken prior to student performances. Those who enter late will counted absent.
2. Recital absences will be reported to applied professor.
3. Please see applied professor for all recital requirements.

Approved concerts/recitals include: student junior or senior recitals, individual faculty recitals, departmental concerts, and Tuesday/Thursday afternoon student recitals. If a student performs in a concert or recital, recital attendance is **not** given. Students will receive two recital credits for the Faculty Showcase Concert in the fall semester. Students who serve as stage manager for any recital will receive two recital credits.

### **Off-Campus Performances**

1. You must procure a concert program. Write your name on the program.
2. Provide programs and recital approval form to your applied lesson professor or your faculty advisor.
3. Obtain the approval and signature of your major professor on a recital approval form.
4. Turn in the signed recital approval form to the music office secretary.
5. No more than 5 recitals may be used from a single conference or convention.
6. Lists of events attended will **not** be accepted.
7. Approved off-campus performances (obtain approval from applied area professor prior to attending) must be at collegiate level or above.

- *In order to receive credit, recital programs must be submitted within one month of the performance. Upon completion, recital attendance is noted on your university transcript.*

#### **Fourth Semester Achievement Proficiency Examination for the Bachelor of Music in Performance and the Bachelor of Music in Music Education**

Students will provide evidence of completion of the Recital Attendance requirement, the Rhythmic Perception Exam, and achieve a minimum grade of “C” in Music Theory I, and Group Piano I. Students must demonstrate performance proficiency equivalent to a fourth semester of collegiate study in terms of a) repertoire, b) technical difficulty, and c) musicianship.

#### **Policies and Procedures**

Students aspiring to the Bachelor of Music degree in Music Education or the Bachelor of Music in Performance degree will be examined by the faculty at the conclusion of four semesters of study for achievement in the following categories:

- **Recital attendance:** Each student must attend a minimum of 48 recitals prior to the Performance Proficiency Exam. Recital attendance records are kept by the secretary of the Department of Music. Failure to attend 48 recitals will result in mandatory probation.
- **Rhythmic Perception Exam:** Students must pass the RPE prior to the Performance Proficiency Exam. Students failing to pass the RPE will automatically be placed on probation.
- **Music Theory I:** Students must successfully pass (grade of “C” or better) prior to the Performance Proficiency Exam.
- **Group Piano I:** Students must successfully pass (grade of “C” or better) prior to the Performance Proficiency Exam.
- **Performance Proficiency Exam:** Students must demonstrate performance proficiency equivalent to a 4th semester of collegiate study in terms of: a) repertoire selection, b) technical difficulty, and c) musicianship.
- **Division Requirements:** Students must complete all scale requirements as determined by each division. (*See applied instructor for division requirements*).

#### **Performance Proficiency Exam Preparation**

- a. An accompanist is required (with the exception of keyboard and percussion).
- b. Dedicate substantial preparation time. Present yourself at the top level of your performance ability.
- c. The performance is considered a mini-recital. Recital dress and professional deportment are expected.
- d. Pieces must present both lyrical and technical demands. Vocalists must present songs in at least three different languages.
- e. Prepare a minimum of 15 minutes of music representing no fewer than 3 different stylistic periods.
- f. Each student will prepare a formal program for each jury member. In addition to the jury repertoire, programs will include student name, date of performance proficiency exam, WIN, instrument, degree, course number, and accompanist name.

- g. Each faculty member on the jury will complete a jury sheet for each student who performs.
- h. Faculty outside of the student's performance area will use the general 4<sup>th</sup> Semester Jury rubric form. The student must score 45 points or above to pass. Written comments are encouraged on all sheets, but they are required for scores below 45.
- i. All completed jury forms will be turned into the Department Chair and will be given to the student's major professor after all tabulations and notifications have taken place.

### **Balloting**

Six faculty members will be selected from the six areas of discipline (keyboard, strings, voice, percussion, brass, and winds); one faculty member will serve as a non-voting facilitator. Based upon the number of scheduled juries 2 groups may be formed at the discretion of the Department Chair. The student's applied instructor will not be a voting member during the jury. Each faculty member will have 1 vote and notate concerns if necessary, and complete one ballot at the conclusion of each performance. A student must have a minimum of 3/5 "pass" votes from the faculty, including a "pass" vote from the student's applied area in order to pass the performance component of the jury. If a student does not receive a "pass" vote from his or her applied area, the student will automatically be placed on probation. **THIS VOTE IS FINAL. Any ballot recommending probation must provide written concerns on the ballot form.**

### **Results of 4th Semester Performance Proficiency Exam: PASS / PROBATION**

- a. *Pass Vote:* Bachelor of Music in Performance and Bachelor of Music in Music Education students who pass all components of the 4<sup>th</sup> semester performance proficiency exam will be allowed to register for upper division credit in applied lessons, ensembles, and music classes in subsequent semesters.
- b. *Probation Vote:* Probation is mandatory for any student who fails one or more of the five categories of achievement. Students receiving probation will have a maximum of one consecutive semester in which to resolve any deficiency (two semesters to resolve a deficiency in Music Theory I and/or Group Piano I). Failure to do so will result in loss of music major status, music department scholarships, and the student will be urged to seek further advisement from his or her major professor. The student may apply to be considered for reinstatement.

### **Failure to take the 4<sup>th</sup> Semester Performance Proficiency Exam**

If a student meets all eligibility requirements for the Performance Proficiency Exam, but fails to present the jury, that student will be placed on immediate probation.

### **4th Semester Performance Proficiency Exam for Transfer Students (transferring in with 60+ hours) and Licensure Only Students (if applied lessons are required)**

- a. **MUST** take the 4<sup>th</sup> Semester Performance Proficiency Exam.
- b. **MAY** defer this exam until the end of their 2<sup>nd</sup> full semester of study at Washburn University.
- c. Students who do not take this exam as outlined above will forfeit music major status. Losing music major status results in the cancellation of

current music scholarships and requires additional fees for enrolling in applied music lessons as a non-major.

- d. Major professors may petition the faculty for any exceptions to this policy.

**Protecting Your Hearing Health**  
**An NASM-PAMA**  
**Student Information Sheet on Noise-Induced Hearing Loss**

Hearing health is essential to your lifelong success as a musician.

Your hearing can be permanently damaged by loud sounds, including music. Technically, this is called Noise-Induced Hearing Loss (NIHL).

Such danger is constant.

Noise-induced hearing loss is generally preventable. You must avoid overexposure to loud sounds, especially for long periods of time.

The closer you are to the source of a loud sound, the greater the risk of damage to your hearing mechanisms.

Sounds over 85 dB (your typical vacuum cleaner) in intensity pose the greatest risk to your hearing. Risk of hearing loss is based on a combination of sound or loudness intensity and duration.

Recommended maximum daily exposure times (NIOSH) to sounds at or above 85 dB are as follows:

\*85 dB (vacuum cleaner, headphones at 1/3 volume)–8 hours

\*90 dB (blender, hair dryer)–2 hours

\*94 dB (MP3 player at 1/2 volume)–1 hour

\*100 dB (MP3 player at full volume, lawnmower)–15 minutes

\*110 dB (rock concert, power tools) –2 minutes

\*120 dB (jet planes at take-off) –without ear protection, sound damage is almost immediate

Certain behaviors (controlling volume levels in practice and rehearsal, avoiding noisy environments, turning down the volume) reduce your risk of hearing loss.

Be mindful of headphone volume. See chart above.

The use of earplugs and earmuffs helps to protect your hearing health.

Day-to-day decisions can impact your hearing health, both now and in the future. Since sound exposure occurs in and out of school, you also need to learn more and take care of your own hearing health on a daily, even hourly basis.

It is important to follow basic hearing health guidelines.

It is also important to study this issue and learn more.

If you are concerned about your personal hearing health, talk with a medical professional.

If you are concerned about your hearing health in relationship to your program of study, consult the appropriate contact person at your institution.

**Protecting Your Neuromusculoskeletal Health  
An NASM–PAMA  
Student Information Sheet**

Neuromusculoskeletal health is essential to your lifelong success as a musician.

Practicing and performing music is physically demanding.

Musicians are susceptible to numerous neuromusculoskeletal disorders.

Some musculoskeletal disorders are related to behavior; others are genetic; still others are the result of trauma or injury.

Some genetic conditions can increase a person’s risk of developing certain behavior-related neuromusculoskeletal disorders.

Many neuromusculoskeletal disorders and conditions are preventable and/or treatable.

Sufficient physical and musical warm-up time is important.

Good posture and correct physical technique are essential.

Regular breaks during practice and rehearsal are vital in order to prevent undue physical stress and strain. It is important to set a reasonable limit on the amount of time that you will practice in a day. Avoid sudden increases in practice times.

Know your body and its limits, and avoid “overdoing it.”  
Maintain healthy habits. Safeguard your physical and mental health.

Day-to-day decisions can impact your neuromusculoskeletal health, both now and in the future. Since muscle and joint strains and a myriad of other injuries can occur in and out of school, you also need to learn more and take care of your own neuromusculoskeletal health on a daily basis, particularly with regard to your performing medium and area of specialization.

If you are concerned about your personal neuromusculoskeletal health, talk with a medical professional. If you are concerned about your neuromusculoskeletal health in relationship to your program of study, consult the appropriate contact person at your institution.

This information is provided by the National Association of Schools of Music (NASM) and the Performing Arts Medicine Association (PAMA).

**Protecting Your Vocal Health  
An NASM – PAMA  
Student Information Sheet**

Vocal health is important for all musicians and essential to lifelong success for singers.

Understanding basic care of the voice is essential for musicians who speak, sing, and rehearse or teach others.

Practicing, rehearsing, and performing music is physically demanding.

Musicians are susceptible to numerous vocal disorders.

Many vocal disorders and conditions are preventable and/or treatable.

Sufficient warm-up time is important.

Begin warming up mid-range, and then slowly work outward to vocal pitch extremes.

Good posture, adequate breath support, and correct physical technique are essential.

Regular breaks during practice and rehearsal are vital in order to prevent undue physical or vocal stress and strain.

It is important to set a reasonable limit on the amount of time that you will practice in a day.

Avoid sudden increases in practice times.

Know your voice and its limits, and avoid overdoing it or misusing it.

Maintain healthy habits. Safeguard your physical and mental health.

Drink plenty of water in order to keep your vocal folds adequately lubricated. Limit your use of alcohol, and avoid smoking.

Day-to-day decisions can impact your vocal health, both now and in the future. Since vocal strain and a myriad of other injuries can occur in and out of school, you also need to learn more and take care of your own vocal health on a daily basis. Avoid shouting, screaming, or other strenuous vocal use.

If you are concerned about your personal vocal health, talk with a medical professional.

If you are concerned about your vocal health in relationship to your program of study, consult the appropriate contact person at your institution.

# Opportunities

## Performance Opportunities

### Recital Performances

All Music Majors should perform once each semester on a student recital. Your individual instructor may require you to perform more often, and students are encouraged to perform as often as possible. Schedule your recital date(s) early in the semester.

### Scheduling Tuesday Afternoon Student Recital Performances

- Obtain a program information form, available in the Music Office, GC 211.
- Obtain the signature of the applied lesson professor.
- Turn in the completed program information form to GC 211.
- Recitals are filled on a first-come, first-served basis.
- Students must NOT cancel. If there is a question of readiness - don't schedule.
- If you must cancel a scheduled recital date please notify the Music Department secretary so that your time slot may be filled by the first person on the waiting list.
- Once the program is established and printed, the performance order may not be changed.

**NOTE:** The deadline for completing student recital scheduling is PRIOR TO NOON on the THURSDAY BEFORE THE RECITAL DATE.

### Aria & Concerto Competition

The Aria & Concerto Competition is open to all registered music majors currently enrolled in applied lessons. Students interested in auditioning must be approved by both the applied instructor and the orchestra director. Contestants will be judged according to their technical mastery, musical ability, and stage deportment. Cash prizes will be awarded to the winner(s) of the Aria & Concerto Competition.

Winner(s) will appear as featured soloists with the Washburn University Orchestra. For information, regulations, and entry forms please contact Director of Orchestras.

### Honors Concert

The Honors Concert features students selected through auditions before a select music faculty panel. As with all recitals, students must secure the written permission slip signed by the applied lesson professor in order to audition for the Honors Concert.

### Eligibility

1. The auditioning student must be recommended and approved by his/her major instructor.
2. Auditions are restricted to music majors and minors currently enrolled in applied lessons at Washburn University.

### Audition requirements

1. Instrumentalists: Major works are required, such as complete sonatas, concerti, variations, or other large forms.
2. Singers: Major works are required, such as song cycles, song groups, arias, or other large forms.
3. Performance time: **A total performance time of 10 minutes (minimum) to 20 minutes (maximum) is required.** If the performance time falls outside these limits, the contestant's major instructor will secure the approval of the Music Faculty two weeks prior to the audition.
4. Audition time: Auditions must be 10 minutes unless approved by faculty as stated in No. 3. Auditions must not exceed 10 minutes. **Students performing less than 10 minutes will be disqualified.** A student will be stopped at the end of their 10-minute limit.
5. Auditions will be Tuesday and Thursday (& Wednesday, if needed) of a designated week. Students and their accompanists must be available to audition on all these days. **Students who are not available at the assigned performance time will not be permitted to audition.** Students performing music requiring an accompanist will not be allowed to audition without an accompanist.
7. **Students may not request specific audition times.** All audition forms are to be turned in to the music office by the specified deadline.
8. The jury, at its discretion, may call back any contestant for further evaluation at the conclusion of the auditions. Contestants and their accompanists must be present at the conclusion of the auditions.

### Performance Evaluation

1. The Honors jury consists of one faculty member to represent each of the following areas: Brass, Keyboard, Percussion, Voice, Strings, and Woodwinds.
2. Contestants will be evaluated on a) choice and difficulty of repertoire; b) musicality and artistry; and c) stage presence and deportment. Each evaluation form will specify the areas of evaluation.
3. A numerical rating system (1-10, with 10 being high) will be used by the jury. In averaging, the highest and lowest scores will be omitted. After tabulating the scores, the jury will deliberate the results. Call-backs may then be requested by a majority vote of the jury.
4. At the conclusion of the final deliberations, contestants with the highest scores will be invited to perform on the Honors Concert. The number of performers will normally be limited to 4-6 for a total concert length of no more than 90-100 minutes.

**Alternate:** One contestant will be selected as an alternate performer in the event that a winner is unable to appear.

### Most Outstanding Music Major Award

The Most Outstanding Music Major Award is designed to honor one departmental major of junior or senior status who has accumulated an exemplary record in the areas of academic achievement, professional growth, and service. The award will be presented at the annual departmental President's Concert and will include a monetary component as well as the designation of honors on the student's university transcript, related university materials, etc.

### **Selection Process**

1. Upper class students (junior/senior status by hours) interested in being considered for the Most Outstanding Music Major Award are invited to submit a cover letter, three open letters of recommendation (i.e. community member, employer, professional colleague, etc. Note: cannot include the applicant's applied area instructor), and a resumé citing significant contributions in the areas of Academic Achievement, Professional Growth, and/or Service, due to the music office, Monday, February 3, 2020.
2. The Faculty Award Committee will consider the following preliminary criteria for each candidate:
  - Music Major, in good standing
  - Upper class status (Junior/Senior by hours)
  - Appropriate progress through the BA, BM, and/or BME degree plan
  - A cumulative GPA of 3.75
3. Those students meeting the above criteria will then be evaluated in the areas of Academic Achievement, Professional Growth, and/or Service, by the Faculty Award Committee. Each student will be represented by an average of his or her resulting scores. \*The student producing the highest score (4 Advanced, 3 Target, 2 Developing, 1 Unacceptable), will be named Most Outstanding Music Major.
4. The recipient is required to attend the President's Concert (date to be announced in the Music Department Spring Calendar of Events). The award will be presented at the concert. If the recipient does not attend the concert, the award, including the monetary component, may be forfeited.
5. An award winner can only be selected once for the Most Outstanding Music Major Award during their undergraduate degree. \*The Faculty Award Committee reserves the right to not award, or, co-award (thus splitting the monetary gift) for any given academic year.

### **Music Scholarships**

Music scholarships are not automatically renewed. Each fall, students must submit a music department scholarship renewal application. The Music Faculty evaluates the following criteria in determining award renewals: (other factors may be considered)

1. *Musical Performance* (artistic growth, attitude, professional conduct as per the Dept. of Music Conduct Policy, and acceptable class attendance).
2. *Academic Excellence* (a cumulative minimum GPA of 3.0 is required, as is appropriate academic progress in the degree program).
3. *Service to the Department* (assisting at recitals, festivals, and other events, as needed).
4. *Full-time enrollment* (full time enrollment of 12 or more credit hours each semester).

- | <u>5. Degrees</u>                  | <u>Maximum consecutive semesters of scholarship eligibility</u> |
|------------------------------------|---|
| BM in Music Education              | 10 semesters  |

| Music minors/non-majors            | 8 semesters   |
| After senior recital (all degrees) | 1 additional semester (not to exceed above limits)              |
6. Music Education majors meeting the department GPA requirements will receive their department scholarships for their student teaching semester. Music scholarships for “Licensure only” students will be considered on a case-by-case basis.

**Honors Ensembles**

Students selected by audition for participation in a WU Honors Ensemble (Fetter Quartet, Honor Woodwind Quartet, Jazz Combo Ensemble) will receive an increase to their Music Department scholarship (assuming that criteria #1, 2, 3, 4 as stated above, are met) according to the following schedule:

- 1<sup>st</sup> year participation: \$400 increase to beginning base award  
 2<sup>nd</sup> year participation: \$500 increase to beginning base award  
 3<sup>rd</sup> year participation: \$600 increase to beginning base award  
 4<sup>th</sup> year participation: \$700 increase to beginning base award  
 5<sup>th</sup> year participation: \$700 increase to beginning base award

**Marching Band**

**Scholarships:** \$500 base rate

- |  |                         |

**Eligibility**

- |            |   |

| Drum Major | If three drum majors are selected the rate would change to \$200 each |

**Enrollment**

**MB Participants** To qualify for a MB scholarship, the student must be enrolled in Marching Band, must successfully complete at least 6 credit hours during the fall semester (including Marching Band enrollment MU 145/345) and must successfully complete all requirements for Marching Band. In addition, all Marching Band students, whether or not they qualify for a MB scholarship, must participate in Marching Band camp.

**BME and BA** **Wind, Brass, and Percussion majors** must enroll for the **first 4 years** in Marching Band. Students may elect to enroll in MB after their 4<sup>th</sup> year, with scholarship consideration continuing as stated in this handbook.

**BM (Performance)** *Wind, Brass, and Percussion majors* must enroll for the **first 2 years** in Marching Band. Students may elect to enroll in MB after their 2<sup>nd</sup> year, with scholarship consideration continuing as stated in this handbook.

**Music Ed** Even if a BME major's emphasis is a "non-marching" instrument (voice, keyboard, strings), he or she is required to enroll in MB for at least one semester early in his/her degree program. These students will receive \$500 for their 1<sup>st</sup> year of participation. These "non-marching" emphases students may elect to enroll in MB after the one semester requirement, with scholarship consideration continuing as stated in this handbook.

***Clarification:*** *The wording is precise: Marching Band enrollment must be consecutive. Music Majors may not choose to enroll in MB for their first year, skip a year, and then enroll for three more years. Please see your Scholarship Agreement Letter for details.*

### **Pep Band**

Students will be selected for Pep Band participation through competitive auditions held during the fall semester. Students will be eligible to audition for Pep Band if they are enrolled in MU145/345: Marching Band that same fall semester, and complete all Marching Band requirements. Students will qualify for Pep Band scholarships if they are enrolled in MU146: Pep Band, and, in addition, successfully complete at least 6 credit hours of coursework in the fall semester (audition semester). If students do not complete at least 6 credit hours in the fall semester, they will forfeit their spring semester participation in Pep Band. Students selected for Pep Band must also enroll in and successfully complete at least 6 credit hours of coursework in the spring semester. In addition, students must successfully complete all Pep Band requirements and make satisfactory degree progress in order to receive Pep Band awards.

### **Scholarship Issues**

**Scholarships are not automatically renewed each year.** Students must submit an application to renew their scholarships each year. All scholarships will be renewed (based upon continued availability of funds) if the student adheres to all standards set forth in the scholarship offer. The signed scholarship offer letter must be returned to the Music Office by the date indicated in the letter. In addition, scholarship offers must also be accepted electronically. Also, any student who has been out of the department for one semester or longer must reapply and re-audition in order to be considered for a music scholarship. If the scholarship renewal form is not completed by the application deadline, the scholarship amount will be automatically reduced by \$200.00.

**Non-compliance with scholarship agreements.** The Scholarship Committee will review and reconsider the entire scholarship package of students who choose NOT to comply with any portion of their original scholarship agreements. Failure to stay enrolled or successfully participate in two large ensembles each semester will result in forfeiture of music scholarships and music major status.

- Music scholarships are automatically cancelled when the cumulative GPA falls below the minimum 3.00 GPA requirement
- If the minimum GPA requirement is later met, students must re-apply by writing a letter to the scholarship committee. If the committee is supportive, and if funds are available, an award may be made. The new award will not necessarily be a restoration of the initial scholarship.
- Students not maintaining full-time status for a semester forfeit music scholarships and the possibility for renewal of scholarships. The student must apply for a new scholarship upon returning to full-time status.

### **Student Petitions**

Petitions may be written to request a merit increase or to present justification for reconsideration of scholarship awards. Students may petition the Scholarship Committee by addressing an explanatory letter to Dr. Michael Averett, Chair of the Scholarship Committee.

**Program-based Washburn Transformational Experience (Optional)  
The Senior Lecture-Recital WTE**

The Senior Recital is the capstone of the applied study curriculum required in the Bachelor of Music degree. Students will perform a minimum of 45 minutes of music that is representative of 8 semesters of collegiate study in terms of repertoire selection, technical difficulty and musicianship requirements. Students will complete research on each of the composers and selections performed on their senior recital. They may present their recital as a Lecture Recital where the research is shared orally with the audience during the recital, or students may alternatively turn in a minimum 12 page fully-documented and footnoted research paper.

The senior recital has always been one of the most transformative experiences in the lives of our music students. Preparing a minimum of 45 minutes of music for a solo public presentation remains one of the greatest challenges for any developing musician. Students must prepare music that is representative of their selected area of emphasis in terms of technical difficulty and musicianship requirements. The senior recital WTE has added the extra dimension of research and the public presentation of their research in conjunction with their recital.

- a. Each student will perform a minimum of 45 minutes of music that is representative of a minimum of 8 semesters of collegiate study in terms of repertoire selection, technical difficulty and musicianship requirements. Music selections are made by the faculty mentor with input from the student. (3 months prior to the senior recital)
- b. The successful candidate for the senior recital WTE will demonstrate the technical skills requisite for artistic self-expression and performance excellence based upon a minimum of 8 semesters of collegiate study. (As demonstrated at the senior recital jury. See e.)
- c. Students will conduct research into each composer's history and the significance of each piece to be performed on the senior recital WTE. Students may present this research in one of two formats: a lecture recital or a 12-page accompanying paper. (To be submitted a minimum of 3 weeks prior to the senior recital jury date)
- d. Students will develop oral speaking skills by presenting a Lecture Recital. Students choosing this option must prepare the requisite research and submit the document to the three members of the senior faculty jury committee for approval prior to their senior jury. The committee will determine if the research is of sufficient breadth and quality. Alternatively, students may choose to NOT do a lecture recital. In this case the student will submit a minimum requirement of a 12-page paper with footnoted references. (Times New Roman, 12 pt. font, double-spaced).
- e. The student will perform a senior recital jury before a minimum of three faculty judges (minimum of three weeks prior to their senior recital date).
- f. The three judges will determine, based upon the jury, if the student is sufficiently prepared to present their recital to the public. (Three weeks prior to the recital date)
- g. Students will present their senior recital in a public concert.
- h. Students will complete all written application and process materials required for the WTE.
- i. Students may complete their senior WTE lecture recital in either the fall or spring semesters.

**WTE Mentor Responsibilities:**

- a. After a minimum of 8 semesters of study the faculty mentor and student will meet to discuss and plan the senior recital WTE.
- b. Select appropriate recital pieces that are representative of 8 semesters of collegiate study in terms of repertoire selection, technical difficulty, and musicianship requirements.
- c. Extra rehearsal time will be devoted to the student and accompanist to work out ensemble performance.
- d. Schedule a venue for the dress rehearsal and recital through the music office. If the recital is being held in the Carole Chapel, arrange for the recital to be recorded.
- e. Prepare the student for the senior recital jury and participate as one of three jury members for the jury.
- f. Meet with the student after the jury to discuss the comments and feedback provided by the jury.
- g. Make plans to focus on remediation and increased focus on the identified areas of weakness.
- h. Supervise and grade the required research paper and possible presentation as a lecture recital.
- i. Attend and coach the student for the dress rehearsal.
- j. Attend the senior recital.
- k. Provide feedback to the student regarding the senior recital WTE.
- l. Complete any WTE web-site forms.

### **Department Policy:**

Although some student and staff accompanists are available, the Music Department cannot guarantee the availability of accompanists for all students enrolled in applied lessons. Staff accompanists have their own policies that they will share with each student. If a departmental accompanist is not available or suitable, it is the student's responsibility to pay for an accompanist. Studio teachers must approve any accompanist, and reserve the right to make any changes. In addition, students may be asked to sign a release form in order to allow studio teachers to speak of pertinent student matters in the presence of the accompanist.

### **Departmental Rules:**

- 1) Students assigned to a Washburn University Staff Accompanist may have one-half clock hour per week of accompaniment.
- 2) Any unexcused absence from a lesson will not be made up by the staff accompanist or the studio teacher. ***Any unexcused absence will be charged to the student.*** Students must give 24 hours notice to the studio teacher, the accompanist and the Music Department Office.
- 3) Students may not **BANK** rehearsal time without the express consent and agreement of the accompanist.
- 4) Students assigned to a Washburn University staff accompanist will be responsible for all accompanying charges incurred outside of their scheduled applied lesson time. These charges will include performance class assignments, student recital performances, and juries. The general fee for performance class assignments, student recital performances, and juries will be \$25 per call. Fourth Semester Juries, Honors Concert, Concerto Aria Competition will be \$40 per call.

### **Non-Departmental Rules:**

- 1) Staff accompanists will receive a fee of \$125 for Senior Recitals, and \$100 for Junior Recitals. The recital jury will be \$25. Other rehearsals will be billed at \$20 per 1/2 hour.
- 2) All extra rehearsals are to be paid for at the time of the call. Junior and Senior Recital fees are to be paid (or arrangements made for payment) no later than the dress rehearsal.
- 3) Accompaniment for other on-campus events (Honors Concert, Concerto and Aria Competition, etc.) will be billed at \$20 per call.
- 4) Accompanying fees for out-of-town events will be negotiated between the students and the staff accompanist. Mileage costs at the current rate allowed by the state will be paid for out of town events unless the student provides the transportation.
