

ASSESSMENT PLAN - PMHNP program 2021-2022

Mission Statement

The Washburn University School of Nursing mission is to prepare professional nurse leaders to provide person-centered care and enhance the quality of health across diverse populations in a dynamic global environment.

Measures

C - PMHNP Outcome Set

PLSO 1

Outcome: Integrate knowledge and theory into evidence-based advanced psychiatric mental health nursing practice.

Integrate knowledge and theory into evidence-based advanced psychiatric mental health nursing practice.

Measure: End of Program Curriculum Review - Outcome 1

Program level Indirect - Survey

Details/Description: Student survey data in their final course of the program. Students are asked to rate how well the program prepared the student to achieve the specified outcome.

Acceptable Target: Target is rating of 3.33 out of 4.

Measure: NU 850 Exams/Quizzes

Course level Direct - Exam

Details/Description: Students complete exams throughout the course.

Acceptable Target: 90% of all students will pass all exams/quizzes with 80% or greater.

Measure: NU 852 Course Activities

Course level Direct - Student Artifact

Students complete a range of different activities to demonstrate performance.

90% of all students will pass all course activities with 80% or greater.

Measure: NU 854 Open Book Exams

Course level Direct - Exam

Details/Description: Students complete open book exams throughout the course.

Acceptable Target: 90% of all students will pass open book exams with 80% or greater.

Measure: NU 858 Standard Patient Interview

Course level Direct - Student Artifact

Details/Description: Students demonstrate synthesis of skills across program by completing a standard patient interview.

Acceptable Target: 90% of all students will pass standard patient interview with 80% or greater.

PLSO 2

Outcome: Collaborate with interdisciplinary groups

Collaborate with interdisciplinary groups within the role and scope of advanced psychiatric mental health nursing practice.

Measure: End of Program Curriculum Review - Outcome 2

Program level Indirect - Survey

Details/Description: Student survey data in their final course of the program. Students are asked to rate how well the program prepared the student to achieve the specified outcome.

Acceptable Target: Target is a rating of 3.33 out of 4.

Measure: NU 828 Unfolding Case Studies

Course level Direct - Student Artifact

Details/Description: Students complete a series of unfolding case studies throughout the course.

Acceptable Target: 90% of all students will pass unfolding case studies with 80% or greater.

Measure: NU 854 Open Book Exams

Course level Direct - Exam

Details/Description: Students complete open book exams throughout the course.

Acceptable Target: 90% of all students will pass open book exams with 80% or greater.

Measure: NU 858 Standard Patient Interview

Course level Direct - Student Artifact

Details/Description: Students demonstrate synthesis of skills across program by completing a standard patient interview.

Acceptable Target: 90% of all students will pass standard patient interview with 80% or greater.

PLSO 3

Outcome: Demonstrate sound critical thinking and clinical decision-making.

Demonstrate sound critical thinking and clinical decision-making.

Measure: End of Program Curriculum Review - Outcome 3

Program level Indirect - Survey

Details/Description: Student survey data in their final course of the program. Students are asked to rate how well the program prepared the student to achieve the specified outcome.

Acceptable Target: Target is a rating of 3.3 out of 4.

Measure: NU 850 Exams/Quizzes

Course level Direct - Exam

Details/Description: Students complete exams throughout the course.

Acceptable Target: 90% of all students will pass all exams/quizzes with 80% or greater.

Measure: NU 852 Course Activities

Course level Direct - Student Artifact

Details/Description: Students complete a range of different activities to demonstrate performance.

Acceptable Target: 90% of all students will pass all course activities with 80% or greater.

Measure: NU 854 Open Book Exams

Course level Direct - Exam

Details/Description: Students complete open book exams throughout the course.

Acceptable Target: 90% of all students will pass open book exams with 80% or greater.

Measure: NU 856 Diagnostic Interview

Course level Direct - Other

Details/Description: Students conduct and record a diagnostic interview with a peer.

Acceptable Target: 90% of all students will pass diagnostic interview with 80% or greater.

Measure: NU 858 Standard Patient Interview

Course level Direct - Student Artifact

Details/Description: Students demonstrate synthesis of skills across program by completing a standard patient interview.

Acceptable Target: 90% of all students will pass standard patient interview with 80% or greater.

PLSO 4

Outcome: Provide holistic care that is culturally proficient

Provide holistic care that is culturally proficient with diverse groups and communities.

Measure: End of Program Curriculum Review - Outcome 4
Program level Indirect - Survey

Details/Description: Student survey data in their final course of the program. Students are asked to rate how well the program prepared the student to achieve the specified outcome.
Acceptable Target: Target is a rating of 3.33 out of 4.

Measure: NU 826 Unfolding Case Studies
Course level Direct - Student Artifact

Details/Description: Students complete a series of unfolding case studies throughout the course.
Acceptable Target: 90% of all students will pass unfolding case studies with 80% or greater.

Measure: NU 828 Unfolding Case Studies
Course level Direct - Student Artifact

Details/Description: Students complete a series of unfolding case studies throughout the course.
Acceptable Target: 90% of all students will pass unfolding case studies with 80% or greater.

Measure: NU 850 Exams/Quizzes
Course level Direct - Exam

Details/Description: Students complete exams throughout the course.
Acceptable Target: 90% of all students will pass all exams/quizzes with 80% or greater.

Measure: NU 852 Course Activities
Course level Direct - Student Artifact

Details/Description: Students complete a range of different activities to demonstrate performance.
Acceptable Target: 90% of all students will pass all course activities with 80% or greater.

Measure: NU 854 Open Book Exams
Course level Direct - Exam

Details/Description: Students complete open book exams throughout the course.
Acceptable Target: 90% of all students will pass open book exams with 80% or greater.

Measure: NU 856 Diagnostic Interview
Course level Direct - Other

Details/Description: Students conduct and record a diagnostic interview with a peer.
Acceptable Target: 90% of all students will pass diagnostic interview with 80% or greater.

Measure: NU 858 Standard Patient Interview

Course level Direct - Student Artifact

Details/Description: Students demonstrate synthesis of skills across program by completing a standard patient interview.

Acceptable Target: 90% of all students will pass standard patient interview with 80% or greater.

PLSO 5

Outcome: Incorporate ethical and legal principles

Incorporate ethical and legal principles in advanced psychiatric mental health nursing practice.

Measure: End of Program Curriculum Review - Outcome 5

Program level Indirect - Survey

Details/Description: Student survey data in their final course of the program. Students are asked to rate how well the program prepared the student to achieve the specified outcome.

Acceptable Target: Target is a rating of 3.33 out of 4.

Measure: NU 858 Standard Patient Interview

Course level Direct - Student Artifact

Details/Description: Students demonstrate synthesis of skills across program by completing a standard patient interview.

Acceptable Target: 90% of all students will pass standard patient interview with 80% or greater.

PLSO 6

Outcome: Integrate effective communication

Integrate effective communication in the advanced psychiatric mental health nursing role.

Measure: End of Program Curriculum Review - Outcome 6

Program level Indirect - Survey

Details/Description: Student survey data in their final course of the program. Students are asked to rate how well the program prepared the student to achieve the specified outcome.

Acceptable Target: Target is a rating of 3.33 out of 4.

Measure: NU 826 Unfolding Case Studies

Course level Direct - Student Artifact

Details/Description: Students complete a series of unfolding case studies throughout the course.

Acceptable Target: 90% of all students will pass unfolding case studies with 80% or greater.

Measure: NU 850 Exams/Quizzes

Course level Direct - Exam

Details/Description: Students complete exams throughout the course.

Acceptable Target: 90% of all students will pass all exams/quizzes with 80% or greater.

Measure: NU 852 Course Activities

Course level Direct - Student Artifact

Details/Description: Students complete a range of different activities to demonstrate performance.

Acceptable Target: 90% of all students will pass all course activities with 80% or greater.

Measure: NU 856 Diagnostic Interview

Course level Direct - Other

Details/Description: Students conduct and record a diagnostic interview with a peer.

Acceptable Target: 90% of all students will pass diagnostic interview with 80% or greater.

Measure: NU 858 Standard Patient Interview

Course level Direct - Student Artifact

Details/Description: Students demonstrate synthesis of skills across program by completing a standard patient interview.

Acceptable Target: 90% of all students will pass standard patient interview with 80% or greater.

PLSO 7

Outcome: Build on graduate level nursing education to acquire competencies

Build on graduate level nursing education to acquire competencies for advanced psychiatric mental health nursing practice.

Measure: End of Program Curriculum Review - Outcome 7

Program level Indirect - Survey

Details/Description: Student survey data in their final course of the program. Students are asked to rate how well the program prepared the student to achieve the specified outcome.

Acceptable Target: Target is 3.33 out of 4.

Measure: NU 826 Unfolding Case Studies

Course level Direct - Student Artifact

Details/Description: Students complete a series of unfolding case studies throughout the course.

Acceptable Target: 90% of all students will pass unfolding case studies with 80% or greater.

Measure: NU 828 Unfolding Case Studies

Course level Direct - Student Artifact

Students complete a series of unfolding case studies throughout the course.

Details/Description: 90% of all students will pass unfolding case studies with 80% or greater.

Acceptable Target:

Measure: NU 850 Exams/Quizzes

Course level Direct - Exam

Details/Description: Students complete exams throughout the course.

Acceptable Target: 90% of all students will pass all exams/quizzes with 80% or greater.

Measure: NU 852 Course Activities

Course level Direct - Student Artifact

Students complete a range of different activities to demonstrate performance.

Details/Description: 90% of all students will pass all course activities with 80% or greater.

Acceptable Target:

Measure: NU 854 Open Book Exams

Course level Direct - Exam

Details/Description: Students complete open book exams throughout the course.

Acceptable Target: 90% of all students will pass open book exams with 80% or greater.

Measure: NU 856 Diagnostic Interview

Course level Direct - Other

Details/Description: Students conduct and record a diagnostic interview with a peer.

Acceptable Target: 90% of all students will pass diagnostic interview with 80% or greater.

Measure: NU 858 Standard Patient Interview

Course level Direct - Student Artifact

Details/Description: Students demonstrate synthesis of skills across program by completing a standard patient interview.

90% of all students will pass standard patient interview with 80% or greater.

Acceptable Target:
