

My name is Guilherme Puerta, I am an international student from Brazil and currently going to my junior year here at Washburn. I am a double major, Forensic Chemistry with a Minor in Digital Forensics, and Business. I know it is hard to talk to people as soon as you get to campus, but I would say that it is very easy to get connected and involved on campus, the only thing you have to do is go to events provided by the University! My advice is not to be afraid to ask for help and enjoy everything you can on campus.
